

Welcome to GSA Fleet's Desktop Workshop

Audio: Everyone is automatically muted. Listen via your computer audio if possible.

Presentation & Certificate: You can download a copy of the presentation at <https://www.gsa.gov/gsa-fleet-training>

Additionally, a copy of the presentation along with a certificate will be emailed after the session.

Questions: Use the Q&A window to ask questions at any time. You may get a typed response or it may be answered aloud at the end of the presentation.

Recorded: The session will be recorded.

Recordings of GSA Fleet Desktop Workshops are available at: <http://bit.ly/DtWRecordings>

Desktop Workshop

GSAFleet.gov Vehicle Registration Functionality

You can download a copy of this presentation at: <https://www.gsa.gov/gsa-fleet-training>

Fleet Modernization

What does modernization mean for you?

- Make your job easier
- Streamline processes
- Automate and capture better data
- Consolidate GSA Fleet products you use:
 - Drive-thru, Customer Acquisition Module (CAM), AutoChoice, the Federal Motor Vehicle Registration System (FMVRS), the Vehicle Fleet Exchange (VFE), and Dispatch Reservation Module (DRM), with a single GSAFleet.gov login and a new look and feel.

GSAFleet.gov- One System

All current GSA Fleet systems will be housed under one website called **GSAFleet.gov** (Federal Motor Vehicle Registration System, Vehicle Fleet Exchange, Customer Acquisition Module, AutoChoice etc)

The screenshot shows the GSA Fleet website interface. At the top, there is a header with the GSA Fleet logo on the left and a user profile 'Alexander Winton' on the right. Below the header is a navigation bar with 'Manage My Fleet' and a dropdown arrow. The main content area is titled 'Get Started' and includes a paragraph: 'Here are some links to get you started. Please keep an eye on the new features and updates as we will roll them out regularly.' Below this is a section titled 'MANAGE MY FLEET' with four cards: 'Vehicle inventory' (View and update vehicle specifications and download up-to-date registration cards for each vehicle. Add new vehicle assets to the inventory and update existing ones with points of contact and new license plates.), 'License plate orders' (Retrieve the status of all incoming license plate orders. See all license plates on an order, mark license plates as received, and begin using them on vehicles, motorcycles, and trailers.), 'Vehicle registration' (Register federally owned and operated vehicles with GSA Fleet. Step through a simple process to attach license plates and points of contact to a vehicle. Retrieve up-to-date registration cards for each vehicle.), and 'License plates' (Track and manage the details and history of each license plate. Administer license plates that need to be reconciled, reported damaged, have gone missing, or need to be returned for destruction.). At the bottom left is a 'Return to top' link, and at the bottom right is the contact information '866-472-1711' and 'gsafleet@gsa.gov'.

Manage My Fleet

Get Started

Here are some links to get you started. Please keep an eye on the new features and updates as we will roll them out regularly.

MANAGE MY FLEET

Vehicle inventory

View and update vehicle specifications and download up-to-date registration cards for each vehicle. Add new vehicle assets to the inventory and update existing ones with points of contact and new license plates.

License plate orders

Retrieve the status of all incoming license plate orders. See all license plates on an order, mark license plates as received, and begin using them on vehicles, motorcycles, and trailers.

Vehicle registration

Register federally owned and operated vehicles with GSA Fleet. Step through a simple process to attach license plates and points of contact to a vehicle. Retrieve up-to-date registration cards for each vehicle.

License plates

Track and manage the details and history of each license plate. Administer license plates that need to be reconciled, reported damaged, have gone missing, or need to be returned for destruction.

Estimated Completion of Legacy Applications

Decommissioning plans will consider realistic sunseting dates

FY 2022

FY 2023

FY 2024

1st Quarter

Federal Motor Vehicle
Registration System

Short-Term Rental;
Vehicle Dispatch &
Reservation Module;
Federal Fleet
Management System

2nd Quarter

Federal Vehicle Standards

AutoAuctions
Drive-thru

Drive-thru

3rd Quarter

4th Quarter

Vehicle Fleet Exchange

Customer Acquisition
Module, AutoChoice

Agency Incurred Expense

Vehicle Registration- What's New?

New and improved vehicle registration features:

- Automatic VIN validation
- USPS address validation
- Simplified workflow for vehicle registration
- New Vehicle Inventory page (with filtering capabilities)
- Easier registration card download

GSAFleet.gov

Vehicle Registration Functionality

Vehicle registration functionality released in Q1 - FY22:

- License Plate Order Reconciliation
- Vehicle Registration (Including OCONUS)
- Updating Records
- Reporting Assets Sold or Missing
- Registration / Insurance Card
- FedFMS data feed

Vehicle Registration Data Cleansing

A Data Clean-up Is Needed Prior to Launching Vehicle Registration

GSA is currently working with Agency Fleet Managers on cleaning up FMVRS data that will migrate to the new system, including:

- Missing points of contact for Vehicle & License Plate records
- Invalid VINs
- License plates attached to active vehicles, but expired
- License plates with missing expiration dates

Information about your data has been shared with your Agency Fleet Manager

- If you're a Fleet Manager and FMVRS user and have not received an email about your data, please email fleetsystemsmodernization@gsa.gov

User Management and Registration

For Vehicle Registration Launch:

- GSA Fleet will work with Agency Managers to establish accounts for approved users
- Customers will be asked to confirm organizational hierarchies prior to launch

In Future State:

- In FY22 we will transition user access management administration to Agency Customers

Live Demo

Test Site

Prototype

What's Next in FY 2022?

1. Federal Vehicle Standards
2. Vehicle Fleet Exchange
3. Customer Acquisition Module
4. AutoChoice

Join our Community of Practice

We want to make a system that works best for you, but that means we need your input.
